SUMMARY

Electronics undergraduate at IIIT Kota with a strong foundation in Data Structures & Algorithms and full-stack web development. Proficient in the MERN stack and experienced in integrating AI solutions to build scalable applications. Passionate about solving complex problems through clean, efficient code and modern software engineering practices.

EDUCATION

Indian Institute of Information Technology (IIIT), Kota

Expected Apr 2028

Bachelor of Technology (B.Tech) in Electronics Engineering

TECHNICAL SKILLS

Languages: C++, Java, JavaScript (ES6+), HTML5, CSS3
Frontend: React.js, Next.js, Redux Toolkit, Tailwind CSS
Backend: Node.js, Express.js, REST APIs, JWT Authentication
Databases: MongoDB, Cloud Image Storage (ImageKit)
Tools/Concepts: Git, GitHub, DSA, AI Integration (Gemini AI), Responsive Design

PROJECTS

AI Resume Builder

MERN Stack, JWT, ImageKit, PDF Export

- Engineered a full-stack application enabling users to generate professional resumes using AI-driven summary suggestions.
- Implemented secure user authentication with JWT and integrated ImageKit for cloud-based profile image management.
- Enabled real-time PDF generation and resume sharing functionality using professional, customizable templates.

AlgoPilot AI

React, Node.js, MongoDB, Gemini AI

- Developed an AI-powered DSA learning platform that generates personalized interview roadmaps for students.
- Integrated Gemini AI to provide automated code reviews and generate dynamic coding challenges based on user progress.
- Designed a comprehensive tracking system to monitor student performance and interview readiness.

PixelCart

React.js, Tailwind CSS, Context API

- Built a modern, responsive e-commerce storefront focusing on high performance and intuitive user experience.
- Implemented modular components for product filtering, shopping cart management, and seamless navigation.
- Optimized front-end layouts for mobile and desktop using Tailwind CSS utilities.

KEY STRENGTHS

- **Problem Solving:** Strong grip on Data Structures and Algorithms with a focus on optimized solutions.
- **Continuous Learning:** Actively exploring modern frameworks and AI integration in web ecosystems.
- **Collaboration:** Proficient in version control using Git and participating in open-source development workflows.
